

RIVERSIDE UNIFIED SCHOOL DISTRICT

Revised Audit Report

NOTIFICATION OF TRUANCY PROGRAM

Chapter 498, Statutes of 1983

July 1, 2000, through June 30, 2002

JOHN CHIANG
California State Controller

December 2007

JOHN CHIANG
California State Controller

December 12, 2007

Susan J. Rainey, Ed.D.
District Superintendent
Riverside Unified School District
3380 14th Street
Riverside, CA 92501

Dear Dr. Rainey:

The State Controller's Office (SCO) audited the claims filed by Riverside Unified School District for costs of the legislatively mandated Notification of Truancy Program (Chapter 498, Statutes of 1983) for the period of July 1, 2000, through June 30, 2002. This revised final report supersedes our previous final report, issued October 28, 2004. We revised the final report to remove the audit results for fiscal year (FY) 1999-2000 because the statutes of limitation for initiating the FY 1999-2000 audit had expired prior to the audit start date.

The district claimed \$399,535 for the mandated program. Our audit disclosed that \$68,888 is allowable and \$330,647 is unallowable. The unallowable costs resulted from the district overclaiming the number of reimbursable truancy notifications. The district was paid \$68,888.

If you disagree with the audit findings, you may file an Incorrect Reduction Claim (IRC) with the Commission on State Mandates (CSM). The IRC must be filed within three years following the date that we notify you of a claim reduction. You may obtain IRC information at CSM's website at www.csm.ca.gov (Guidebook link), and obtain IRC forms by telephone at (916) 323-3562 or by e-mail at csminfo@csm.ca.gov.

If you have any questions, please contact Jim L. Spano, Chief, Mandated Cost Audits Bureau, at (916) 323-5849.

Sincerely,

Revised Audit Report

Summary

The State Controller's Office (SCO) audited the claims filed by the Riverside Unified School District for costs of the legislatively mandated Notification of Truancy Program (Chapter 498, Statutes of 1983) for the period of July 1, 2000, through June 30, 2002. The last day of fieldwork was July 21, 2003.

The district claimed \$399,535 for the mandated program. Our audit disclosed that \$68,888 is allowable and \$330,647 is unallowable. The unallowable costs resulted from the district overclaiming the number of reimbursable truancy notifications. The district was paid \$68,888.

Background

Education Code section 48260.5 (added by Chapter 498, Statutes of 1983) requires school districts, upon a pupil's initial classification as a truant, to notify the pupil's parent or guardian by first-class mail or other reasonable means (1) of the pupil's truancy; (2) that the parent or guardian is obligated to compel the attendance of the pupil at school; and (3) that parents or guardians who fail to meet this obligation may be guilty of an infraction and be subject to prosecution.

Additionally, the district must inform parents and guardians of (1) alternative educational programs available in the district and (2) the right to meet with appropriate school personnel to discuss solutions to the pupil's truancy. A truancy occurs when a student is absent from school without a valid excuse for more than three days or is tardy in excess of 30 minutes on each of more than three days in one school year, according to Education Code section 48260. A student shall be initially classified as truant upon the fourth unexcused absence, after which the school must complete the requirements mandated in Education Code section 48260.5.

On November 29, 1984, the State Board of Control (now the Commission on State Mandates [CSM]) determined that Chapter 498, Statutes of 1983, imposed a state mandate upon school districts reimbursable under Government Code section 17561.

The program's parameters and guidelines establish the state mandate and define reimbursement criteria. CSM adopted the parameters and guidelines on August 27, 1987, and last amended them on July 22, 1993. In compliance with Government Code section 17558, the SCO issues claiming instructions to assist local agencies and school districts in claiming mandated program reimbursable costs.

Objective, Scope, and Methodology

Our audit objective was to determine whether costs claimed are increased costs incurred as a result of the legislatively mandated Notification of Truancy Program (Chapter 498, Statutes of 1983) for the period of July 1, 2000, through June 30, 2002.

We performed the following procedures:

- Reviewed the costs claimed to determine if they were increased costs resulting from the mandated program;
- Traced the costs claimed to the supporting documentation to determine whether the costs were properly supported;
- Confirmed that the costs claimed were not funded by another source; and
- Reviewed the costs claimed to determine that the costs were not unreasonable and/or excessive.

We conducted our audit according to *Government Auditing Standards*, issued by the Comptroller General of the United States. We did not audit the district's financial statements. We limited our audit scope to planning and performing audit procedures necessary to obtain reasonable assurance that costs were allowable for reimbursement. Accordingly, we examined transactions, on a test basis, to determine whether the amounts claimed for reimbursement were supported.

We limited our review of the district's management controls to gaining an understanding of the transaction flow and claim preparation process as necessary to develop appropriate auditing procedures.

Conclusion

The audit disclosed instances of noncompliance with the requirements outlined above. These instances are described in the accompanying Summary of Program Costs (Schedule 1) and in the Findings and Recommendations section of this report.

For the audit period, the Riverside Unified School District claimed \$399,535 for costs of the Notification of Truancy Program. Our audit disclosed that \$68,888 is allowable and \$330,647 is unallowable.

For FY 2000-01, the State made no payment to the district. Our audit disclosed that none of the costs is allowable.

For FY 2001-02, the district was paid \$68,888 by the State. Our audit disclosed that \$68,888 is allowable.

**Views of
Responsible
Officials**

We issued a draft audit report on December 5, 2003. The district requested and was granted an extension—from December 30, 2003, to January 27, 2004—to respond to the draft audit report. However, we did not receive a response to the draft audit report. We issued the final report on October 28, 2004.

**Follow-up
Correspondence**

In a letter to the Commission on State Mandates (CSM), dated June 12, 2006, the district questioned our authority to audit the FY 1999-2000 claim because the statute of limitations for initiating an audit had expired. The SCO logged the district's claim on December 22, 2000. At that time, we had two years following the end of the calendar year in which the claim was filed to initiate an audit. Therefore our audit, initiated in February 25, 2003, was not within the statutory period to initiate an audit. Therefore, the FY 1999-2000 audit adjustment of \$257,454 has been removed from this revised final report.

Restricted Use

This report is solely for the information and use of the Riverside Unified School District, the Riverside County Office of Education, the California Department of Education, the California Department of Finance, and the SCO; it is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit distribution of this report, which is a matter of public record.

Revised Findings and Recommendations

FINDING 1— Overclaimed number of initial truancies

The district claimed \$16,147 during the audit period for 1,266 initial truancy notification forms distributed to pupils' parents or guardians that were not supported by attendance records. The overclaimed number of initial truancy notifications resulted from mathematical errors when the district manually counted the students from student absence reports during the claim preparation process.

	Fiscal Year		Total
	2000-01	2001-02	
Number of truancy notifications supported by absence reports	22,163	7,843	
Less truancy notifications claimed	(23,258)	(8,014)	
Unallowable truancy notifications	(1,095)	(171)	(1,266)
Uniform cost allowance	× \$12.73	× \$12.91	
Audit adjustment	<u>\$ (13,939)</u>	<u>\$ (2,208)</u>	<u>\$ (16,147)</u>

Recommendation

We recommend the district establish policies and procedures to ensure that it prepares claims that are free of mathematical errors.

FINDING 2— Unallowable costs relating to initial truancies

This district claimed \$314,500 during the audit period for initial truancy notification forms that were not reimbursable. The costs were not reimbursable because the district was unable to support that notification forms were distributed to pupils' parents or guardians or that pupils had accumulated the number of unexcused absences necessary to be classified as truant under the mandated program. The following table summarizes the audit adjustment.

	Fiscal Year		Total
	2000-01	2001-02	
Allowable costs per audit	\$ —	\$ 68,888	\$ 68,888
Less actual costs claimed	(282,135)	(101,253)	(383,388)
Audit adjustment	<u>\$ (282,135)</u>	<u>\$ (32,365)</u>	<u>\$ (314,500)</u>

We selected a statistical sample from the total population of pupils claimed as truant for each year that was based on a 95% confidence level, a precision rate of +/-8%, and an expected error rate of 50%. We used a statistical sample so the sample results could be projected to the population.

We reviewed attendance records for a random sample of 149 pupils claimed as truant in the first fiscal year and 147 pupils in the second fiscal year. The following table summarizes the number of unallowable truancy notifications identified in the sample, the unallowable percentage, and the projected audit adjustment.

	Fiscal Year		Total
	2000-01	2001-02	
Number of unallowable truancy notifications	149	47	
Truant pupils sampled	÷ 149	÷ 147	
Unallowable percentage	(100.00)%	(31.97)%	
Truancy notifications claimed	× 22,163	× 7,843	
Projected unallowable truancy notifications	(22,163)	(2,507)	
Uniform cost allowance	× \$12.73	× \$12.91	
Audit adjustment	<u>\$ (282,135)</u>	<u>\$ (32,365)</u>	<u>\$ (314,500)</u>

For FY 2000-01, none of the 149 sampled notifications was reimbursable. For two of the sampled notifications, the district used a notification letter that did not contain the two required elements noted above. The remaining 147 sampled notifications were not supported by any documentation.

For FY 2001-02, 47 of the 147 sampled notifications were not reimbursable. For 22 of the sampled notifications, the pupils did not have four or more trancies in the school year. The remaining 25 sampled notifications were not supported by any documentation. The supported notification letters did contain the five specified elements required by the mandate and the three additional elements required by an amendment to the Education Code.

The program's parameters and guidelines, as amended by the CSM on July 22, 1993, specify that school districts shall be reimbursed for identifying the truant pupils to receive the notification, preparing and distributing by mail or other method the forms to parents/guardians, and associated recordkeeping using a uniform cost allowance. The uniform cost allowance, which was \$10.21 per initial notification of truancy in FY 1992-93, is adjusted each subsequent year by the Implicit Price Deflator.

The parameters and guidelines, as amended by the CSM, allow the district to be reimbursed for claimed costs if the initial truancy notification forms distributed to pupils' parents or guardians contain five specified elements. Education Code section 48260.5 was amended by Chapter 1023, Statutes of 1994, (effective January 1, 1995) to require three additional elements. However, since the parameters and guidelines have not been amended, the claimant continues to be reimbursed if it complies with the five specified elements in the guidelines.

The parameters and guidelines state that a truancy occurs when a student is absent from school without valid excuse for more than three days or is tardy in excess of 30 minutes on each of more than three days in one school year.

Recommendation

We recommend the district establish policies and procedures to ensure that all claimed notification letters are supported.

We also recommend that the district claim reimbursement under the Notification of Truancy Program only for truancy notifications applicable to pupils who are absent from school without valid excuse or tardy more than 30 minutes for more than three days in one school year. Although Education Code section 48260, subdivision (a) (as amended in 1994), defines a truant student as one who is absent from school without valid excuse three full days in one school year or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof, the parameters and guidelines require at least four unexcused absences for a student to be classified as a reimbursable truant.

In addition, we recommend the district ensure that its initial truancy notification letter includes the eight specified elements required by the Education Code.
